

ACCESSIBILITY PLAN

L'Arche Daybreak

Date: July, 2021

AODA was first enacted in 2005, and stated five regulations to be rolled out as follows:

1. Customer Service (2010-2)
2. Information & Communications (2012-5)
3. Employment (2014-7)
4. Transportation (2011-7)
5. Design of Public Spaces (2015-8)

In June, 2011, Information & Communications, Employment, and Transportation Standards were incorporated into one compliance timeline under Ontario Regulation 191/1, the Integrated Accessibility Standards Regulation (IASR).

The IASR was revised in January 2013 to include an accessibility standard for buildings and outdoor spaces (Built Environment), phased in over a period of time.

As of July 1, 2016 all five standards are grouped under the IASR.

The scope of Information & Communications and Employment includes how L'Arche Daybreak communicates with the public and all members of our community, and includes our website. The standard for the Design of Public Spaces encompasses outdoor public paths; public parking, reception area counters and seating. The standard for Transportation is not applicable to Daybreak.

In keeping with the IASR regulations, L'Arche Daybreak has formulated the following Accessibility Plan to outline areas of completion, as well as on-going tasks, and future planning.

STANDARD	REQUIREMENT	STATUS
General Requirements		
Accessibility Policies by 2012	<ol style="list-style-type: none"> 1. Create policies 2. Policies in accessible digital format 3. Make policies available to community 4. Review and update as needed 	<ol style="list-style-type: none"> 1. Completed/ongoing 2. In PDF 3. Polices circulated for sign-off 4. Ongoing
